Change	Recorded result
Removed Rows	25
Filled Cells	120

5. Execution Warnings

No warnings or errors were included in the supplied execution report.

6. Report Notes

This report documents the results recorded by the cleaning engine. Missing statistics are shown as unavailable rather than estimated. It does not independently verify the cleaning operation.

Cleaning a dataset does not automatically make it suitable for machine learning. Run a new task-specific ML readiness assessment to evaluate the cleaned dataset.
